

Zelelidou Despoina

UX/UI Designer

Detail-oriented and analytical UX/UI Designer with a strong background as a Quality Systems Consultant and Food Auditor. Having mastered the art of analyzing complex structures, managing strict standards (ISO, IFs), and optimizing operational processes, I am now applying this structured mindset to digital experiences. Recently certified via the Google UX Design Professional Certificate, I combine user-centered research with meticulous design execution.

EXPERIENCE

Quality Systems Consultant

Progress Stirixis consulting group

Feb 2024 - Dec 2025

My main goal was to conduct client assessments in order to design and implement quality systems, ensuring intuitive workflows and cross-functional alignment.

Also, I participated in compliance inspections to identify and iterate on system gaps.

Shift Manager

AFOI Kompatsiari A.E. Amalthea

Sep 2023 - Feb 2024

I organized daily my team and workflow to make sure shift ran smoothly and efficiently.

Made fast, critical decisions under pressure to solve sudden problems and keep th production on time.

Shift Quality Manager

AFOI Kompatsiari A.E. Amalthea

Sep 2023 - Feb 2024

My main goal was to inspect products and processes during tha shift to catch mistakes before they reached to customer.
